The 8th IIAE International Conference on Intelligent Systems and Image Processing 2021 (ICISIP2021) is organized by the Institute of Industrial Applications Engineers (IIAE). It will be held both **[on-site]** and **[online]**. Participants can choose either to come to our conference venue in Kobe, Japan or make their presentations online. For on-site participants, we offer oral presentation session, poster session and exhibition. For remote participants, **we offer both video and online presentations through zoom**. So please check the details about submission on our website. Feel free to contact us in case of any questions regarding this. Authors are invited to submit papers describing new technologies and trends about intelligent systems and image processing.

Organizer

Support (plan)

Publication

All accepted papers, including papers for video presentation, will appear in the conference proceedings on the condition that at least one author should complete registration by the due date. Authors of papers for video presentation should send their videos to the organizing committee after the submission of their full papers. Selected papers will be recommended for publication in JIAE (published by IIAE) or journals indexed by EI compendex, and the special issues of the following our journals:

- **Journal of Imaging (Special Issues)**

Recommended papers will be formally published once they meet the quality requirements of the journals after an independent review, revision and modification process:
